

## Two Night - Weekend Campout

### Wear

-----

Wear a Scouting Type T-Shirt. Wear convertible pants that can be unzipped and turned into shorts.

Wear a hat, and comfortable shoes and socks. No sandals. Suggest you wear long socks.

You will have two packs. One large one for hauling your gear in. A second smaller one (The Day Bag) for holding a few personal items that you will need on hand during the day. Keep your Day Bag with you at all times. When you travel to and from camp you should have your Day Bag with you. Don't bring your Day Bag to be hauled in the trailer.

In your Day Bag, or in your pockets, or on your belt, etc.

-----

Water Bottle, Bugspray, high SPF Sunblock, Lip Balm, Multi-tool (if you have earned you right to carry it), head lamp or flashlight, Personal First Aid. Paper and Pencil. Compass. Whistle. Rain Jacket or Poncho.

### Packing your Gear

-----

Everything you bring has to fit in a 40-70L Backpack. This is not Summer Camp. Do not bring a Truck.

An option is to use your Dry Bag that we use for canoe trips. Some have straps that can be worn over the shoulders. Pack as if you have to carry everything. Don't expect it to be hauled into camp in a trailer or car.

### Inside your Backpack

-----

Compress-able Sleeping Bag. Large bulky bags are not going to fit in your Pack.
